

**Memo-Cam Desk Calculator Camera
High Resolution (640 x420) Video - Motion Activated!
Hidden lens views from back of calculator!
Completely Self Contained With It's Own Digital Video Recorder!**

No Need to hassle with complicated camera and VCR wiring or wireless cameras that transmit your images all over the neighborhood! The new MC/Desk Calculator (digital video recorder) is completely self contained, totally secure, and easy to use. It's a working printing calculator, but hidden inside is a B&W low light or COLOR high resolution camera and motion activated DVR! All you do is touch the "Arm" button on the convenient wireless remote control. Calculator will beep once to verify command and quality black & white or color video recording will begin the instant motion is detected and will continue until 15 seconds after motion ceases.

When you are ready to review your video images, simply press the "disarm" command on the remote control and remove the "postage stamp size" SD card from it's hidden compartment. To playback images, an included SD card reader connects to the USB port of your computer or laptop. Install the card, click on the SD Icon and a complete list of images, including time and date stamp will appear on your screen. "Click" on any image and the video stream will play from that point on. You can even speed up, slow down, or "ZOOM IN" during playback. You can save the card or download your images to CD, hard drive, Zip, or any other media of your choice. SD card can be quickly erased and reused again and again.

User options can be easily changed via the SD card reader and your computer. Images can be recorded as fast as 10 frames per second (fps) (or as slow as 1 frame per minute. Record duration after detected motion is also user programmable. Included 256Mb SD card will record 24,000 images. Optional larger cards (256Mb, 512Mb, 1Gb and 2Gb) will increase image capacity accordingly. System includes MC/Desk Calculator-Camera/DVR, SD card reader with USB cable and software, 256Mb SD card, complete easy to understand instruction book and software. Everything you need to plug unit in and start using instantly.
